The Chairman proposed to the meeting to acknowledge the operating results for year 2020 and certify the annual report for year 2020 which was enclosed with the invitation letter, as per details in Enclosure No. 2 and asked Mr. Vittaya Changeutai to present the relevant details for this agenda to the Meeting, detail as follows;

Year 2020, The Company had 6 main project activities;

- 1) Santos Onshore Upstream Development project is a fabrication and supply of Wellhead in the upstream gas source development project. With the extended conditions, BJCHI has continuously received additional work from a client. Currently, the project is in the process of 3rd phase.
- 2) KOODAIDERI project is a steel structure fabrication and Modularization in Australian's mining industry. Currently, such project is under construction.
- 3) CIMTAS project is a steel structure fabrication to be used as a gas turbine in Power Plant located in the United States of America, Brazil and Canada. Currently, such project is under construction.
- 4) LINDE project is an equipment installation and pipe work in gas industry in the United States. Such project was already delivered to a client in 2020.
- 5) UPGN Project is a production process for a gas separation plant in Brazil. This project was already delivered to a client in 2020.
- 6) PTTLNG Project is a construction of LNG Receiving Terminal in gas industry in Thailand. This project was already delivered to a client in 2020.

In 2020, total revenue was 2,035 million baht, decreasing by 2% from 2019. Total revenue decreased because the Company could not ramp up the new projects in time to offset the decline in activities during the concluding phases of the projects such as UPGN, LINDE and PTTLNG.

In 2020, Gross Profit was at 42 million baht, as compared with that in 2019 at 362 million baht. On the other hand, Net loss in 2020 was at 194 million baht as compared with the net profit in 2019 at 47 million baht. The decrease in profits was due largely to incurred cost from CRISP's suspended project activities which the Company has already recognized the large amount of cost without revenue and additional investment expense to accommodate the future projects.

In 2020, Revenue from Australia and Brazil accounted for 53% of the contract revenue, falling from last year at 67%. Remaining backlog at the end of the year 2020 was THB 2,600 million with the details in form of percentage as follows;

- CRISP 64%
- KOODAIDERI 18%
- SANTOS (2&3) 14%
