Subject: Explanation of 2Q2024 Operating Results changing over 20%

To: President
The Stock Exchange of Thailand

BJC Heavy Industries Public Company Limited (hereinafter referred to as "the company") would like to clarify the changes in 2Q2024 Operating Results as compared with those in 2Q2023 as follows.

Overview of Business Operation

Global oil and gas capex is expected to grow from USD 797.58 bil to USD 983.04 bil during 2024-2029 at a CAGR of 4.27% as industry had started recovering after the rise in oil & gas demand amid the opening of the COVID-19 lockdowns (Source: EIA, IEA). To meet the strong global demand for crude oil and natural gas, more investment is required for exploration and production activities, which promulgates the CAPEX in the oil and gas industry.

In addition to environmental concerns, high prices of conventional energy, economic uncertainty, energy security issues are encouraging more countries to pay attention to renewable, green and clean energy. This drives to spend for alternative sector which has been underpinned by fiscal support from governments and aided by the rise of sustainable finance, especially in advanced economies. To reach global net zero emissions by 2050, the capex is expected to spend up to 4.4 tril. USD in 2030F, providing more project opportunities for this fast-growing sector (Source: World Economic Forum).

BJCHI has actively participated in receiving potential project bids from many clients both in oversea and local markets in many industries, such as power plants, refineries, petrochemical, oil and gas, green energy as well as the mining business. Currently, the total bidding value is over 51,000 million baht.

As the leading modularization and fabrication service provider, the Company strongly believes our capability is able to provide one-stop products and services to clients in various industries, creating more project opportunities and achieving long-term sustainable growth for shareholders.

Revenue

Contracted Revenue

In 2Q2024, Contracted Revenue (excluding other revenue) was 220.5 million baht, decreasing by 75.0% from 882.3 million baht in 2Q2023. The Contract Revenue decreased due to the reduction of project activities from CRISP and SANTOS as compared to the same period of last year.

Other Revenue

In 2Q2024, other revenue (excluding FX gain) was 13.2 million baht, decreasing by 22.0% from that in 2Q2023 at 16.9 million baht due to the decreasing in other activities related to project CRISP and interest income from financial investment.

Expenses

Contracted Costs

Contracted Costs in 2Q2024 was 177.3 million baht, decreasing by 79.2% as compared to that in 2Q2023 at 851.8 million baht. The decrease in Contracted Costs was from the reduction of project activities and the cost share contributed from the improvement of management.
